EPK 2026

bio

Formed within the streets of Woodbridge, Ontario, **redhed** is a five piece band consisting of Tris Raggs (vocals), Anthony Arrigo (drums), Anthony Romaniello (lead guitar), Jack Kirwan (guitar), and Jaylen Morley (Bass).

Inspired by the sonic identities of Paramore, Pearl Jam and The Strokes, **redhed** is the result of powerful vocals, while being on the edge of glory for every genre they explore. **redhed** has shared the stage with the likes of Noise Hotel, BRGHTLIGHTS and Chlorine and continues to grow within the Toronto music scene.

Where there is an absence of local bands, venues and punk rock, redhed is the answer to that silence.
